Dear EnergyGym Families,

RE: Gym Closure in regards to COVID-19 Update

We have all seen the dramatic changes to our day to day lives due to COVID-19 and more specifically the efforts to mitigate and slow the spread of the virus. Some feel these are extreme, others feel society is not doing enough. We have been closely monitoring the situation all weekend. Although our classes are well below the recommended 25 by the Illinois Department of Public Health, we have decided, based on new and updated information, we will be following the guidelines of the World Health Organization and the CDC by **closing our gym for the next two weeks from March 16<sup>th</sup> thru March 29<sup>th</sup>.**

This allows for **social distancing** to help slow the spread of this pandemic. At this time, we have had no incidents or specific reasons for concern at either our Genoa or Sycamore locations. We are continually disinfecting the gym per our [Cleaning Guidelines](#). We are merely following the recommendations of the Illinois Department of Public Health, WHO and CDC. We feel it is time for us to do our part by joining the rest of schools, sports and businesses that have closed in these very uncertain times.

**Once we re-open on March 30<sup>th</sup>, we will have additional classes just for make-ups during the week. We have also extended the make-up expiration for scheduled classes that were missed in March thru the end of May to elevate any scheduling pressures.**

We are very sad and overwhelmed with the entire situation. This decision was made with a heavy heart. We know that some people will support this decision and some people will not. However, after much thought and discussion we feel that the safety and well being of our gymnasts, staff, gym families and community are our top priority.

Thank you for your understanding and support. Hang in there, keep washing your hands and stay safe!

Thanks

Andy and Kim Morreale and our entire EnergyGym Gymnastics staff
